MISS FANNIE MILLS, WHO HAS

THE BIGGEST FEET ON EARTH.

No. 30 **SHOE THE SMALLEST SHE CAN WEAR.**
HER FEET ARE HER FORTUNE.

No person ever had so much understanding. Her feet only excelled by the feet of a midget. Each shoe large enough to sit to see in. The late, lamented Jimmie would have been proud of his little feet had he seen Miss Mills'.

Who will wed her hand
and riches?
Let Philadelphia's beaux
answer!

Don't permit two big
feet to stand between you
and wedlock tinged with
fortune.

She wears a No. 30 Shoe, the largest shoe ever worn. Three goatskins are required to make her one pair of shoes, the same quantity usually required to manufacture eight pairs of ladies' shoes. Their length is 19 inches; the width 7 1/2 inches; the waists of the shoes are 18 1/2 inches; the insteps 19 1/2 inches; the ball 19 inches; the tops of the shoes reach to the calf and measure in circumference 20 1/2 inches; the heels are 5 1/2 inches in width.

MISS MILLS is a native of Sandusky, Ohio, and has been noticed in nearly every newspaper in the land. The usual cost of her shoes is \$35. She is a petite blonde, weighs 115 lbs.; very pretty, refined and highly accomplished.

"The Old Woman Who Lived in a Shoe"

Could have rented out apartments. If she had resided in one of MISS MILLS'. Her feet are too big to rub in a passenger coach and she has to travel in a box-car.

CHICAGO GIRLS MUST YIELD THE PALM, WHERE ARE THE ST. LOUIS BEAUTIES? WHAT WILL THE BOSTON LADIES SAY?

BY COMPARISON PHILADELPHIA DANCES ARE CINDERELLAS. A PAIR OF HER SHOES COST AN ORDINARY MAN'S MONTH'S SALARY.
